Keyboard KBPC O

Attractive office keyboard for everyday use

Issue October 2004

Pages 2

The office keyboard blends harmoniously into the PC landscape. The latest ergonomics findings have had a major influence on its design. Excellent performance features match the familiar Fujitsu Siemens Computers quality. For the office, electro smog is not an issue thanks to the keyboard's sensationally low power consumption. Our experience and constant refinement processes are a guarantee of highest quality at an extremely attractive price. The KBPC O includes Microsoft Windows keys, ACPI keys and the Euro symbol.

Usability

- Connects to every PC with standard PS/2 interface
- Easy to use with space saving design

Ergonomics

- Stress free and effective use through high contrast keys, ergonomic key design and a soft pressure point.

Tailor-made

- Customize your keyboard with a specific logo plate design
- Specific keycap inscriptions, also in different colors, for your specific designs

Reliability

- High quality and function stability through own development and manufacturing
- Short reaction and transportation time
- Warranty, service and spare part supply according to your needs

Modern production technology

- Abrasion-proof keys by using laser printing technology for the keycaps
- Fully automated production line
- Highest quality coupled with the best price/performance ratio guaranteed

Environmentally friendly development

- Recycling friendly by easy separation into recyclable components
- Minimized size and weight in combination with minimized use of raw materials.

Keyboard KBPC O	
Industry standard	MF-II compatible 104/105 key layout
System compatibility	PS/2 systems
Interface	PS/2 Cable length 2 m
Design	Compact design, IBM key design
Technology	Chip on board
Electrical	
Power consumption	< 50 mA at 5 V
Temperature / Dimensions / Weight	
Ambient temperature	15°C to 32°C (as per IEC721)
Dimensions (H x W x D)	36 x 464 x 160 mm
Slope adjustment	6° and 12°
Weight	750 g

Special features	Customer specified laser inscription possible; 3 additional Windows keys; 3 ACPI keys
Compliance with standards	
Product safety	IEC60950 UL 1950 CAN/CSA-C22.2 No. 60950 PCT for Eastern
